# **SITUATION SUMMARY**

## **California State University East Bay Campus (CSUEB)**

- Update/Final 4/12/15: Per the Cal OES Law Duty Officer (LDO) in contact with CSU University Police, the threat was unsubstantiated and the campus resumed normal scheduling.
- On 04/10/15 at 2029 hours the California State Warning Center (CSWC) received a report indicating that authorities were investigating a potential threat against California State University East Bay (CSUEB).
- Per the Cal OES Law Duty Officer (LDO): The University Police Chief advised that they are attempting to validate the threat and will advise when the investigation is completed. The University will be closed 04/11/15 except for a few small events. The Chief advised they will be fully staffed on 04/11/15 and have coordinated with Hayward Police Department for resources if needed.
- The university is not requesting any assistance at this time.
- The LDO has made contact with Region 2 RMAC and Alameda County Sheriff and will continue to monitor the situation.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Weather of Concern**

- Critical fire weather conditions from this afternoon through Tuesday evening for portions of Alpine, Inyo, Madera, Mono, and Tulare Counties. The combination of gusty winds, low relative humidity, and dry fuels could create conditions favorable for extreme fire behavior and rapid fire growth. Widespread hazardous fire weather conditions also in effect from late Tuesday night through Wednesday evening for portions of Imperial and Riverside Counties.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

Another front will bring a period of light to moderate rain late this afternoon and tonight primarily for areas north of Mendocino County. Some light snow accumulations will also be possible at high elevations. Temperatures will be much colder Tuesday morning through Wednesday morning and widespread frost can be expected, particularly on Wednesday morning.

#### **Medford Weather:**

A cold front will bring precipitation to the forecast area today and gusty winds are expected along and east of the Cascades, especially over the higher terrain. Snow levels tonight will fall to around 3000 feet, but could lower further to around 2500 feet in heavier showers. Showers will continue to linger into Tuesday morning over most of the area but will diminish in the afternoon and end Tuesday evening with dry conditions. A strong upper ridge over the area Wednesday into next weekend will bring dry and warm conditions.

#### **Reno Weather:**

A strong cold front will move through the Sierra and western Nevada tonight and Tuesday morning. This will bring strong winds to the region tonight and early Tuesday with a few snow showers north of Highway 50. Blowing dust is also expected across western Nevada. High pressure and warmer temperatures will return late in the week.

#### **San Francisco Weather:**

Today the forecast area will have cooler temperatures ahead of an approaching cold front that may bring some showers, mainly to the North Bay tonight. Seasonably cool but dry on Tuesday behind the front with northwest winds along the coast and in the hills. Significant warming trend starts Wednesday as high pressure builds and a thermal trough develops along the coast with periods of offshore winds through the end of the workweek. Dry and seasonable weather forecast this weekend.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:**

#### **Sacramento Weather:**

A fast-moving weather system moves through late today into early Tuesday bringing cooling temperatures with a chance of showers, mainly over the mountains north of Highway 50. The forecast area will have breezy to windy conditions over the next several days and warming temperatures from midweek through Friday under building high pressure.

#### **Hanford Weather:**

A ridge of high pressure will bring mostly sunny skies and unseasonably warm afternoon temperatures to the central California interior today. A cold front will sweep southward through the region tonight accompanied by gusty winds. Tuesday will be blustery and much cooler. High pressure will build back into the district later this week and bring a return of much warmer weather.

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

Weak low pressure will bring cooler temperatures to the area today through Tuesday, along with night and morning low clouds and fog for the coast and valleys. High pressure will warm temperatures to above normal with clear skies from Wednesday into next weekend. Breezy offshore winds can be expected across the region later this week as well.

### **Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

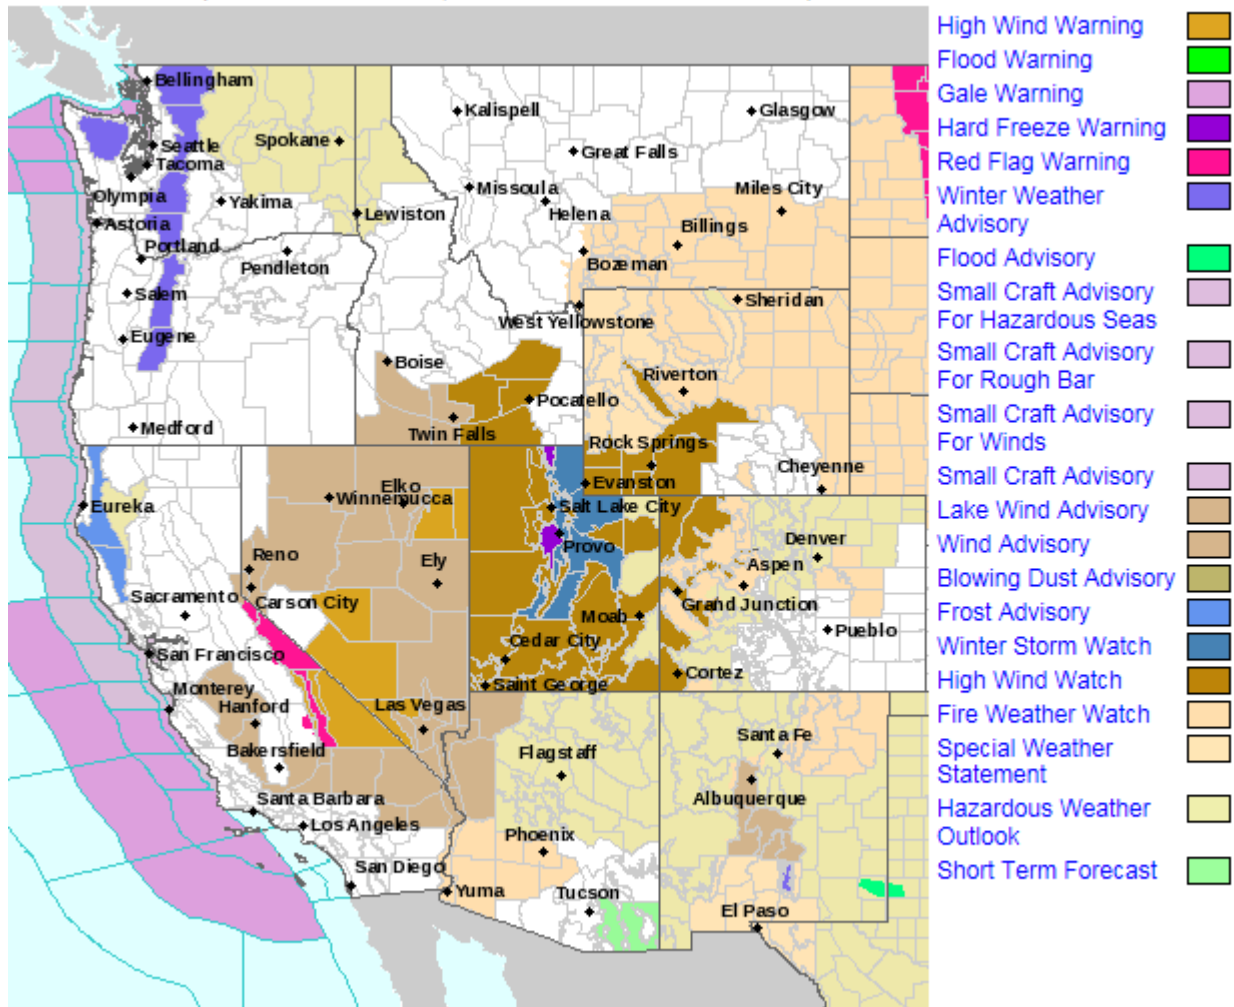

A trough of low pressure moving inland along the West Coast today and through the Great Basin Tuesday will bring stronger onshore flow with cooling, deepening of the marine layer with areas of night and morning coastal low clouds extending inland into portions of the inland valleys, and gusty west winds in the mountains and deserts. For Wednesday through Friday, high pressure aloft and weak to locally moderate offshore flow will bring warming west of the mountains and gusty northeast winds near the coastal foothills. For next weekend, the deserts will continue to warm as the coast and valleys slowly cool with weak onshore flow.

### **Southeast California Weather:**

High temperatures will be at least a few degrees warmer today with little change Tuesday. Things change Tuesday night and Wednesday as a dry cold front pushes through the region leading to very windy conditions over southeast California. The frontal passage will also lead to much cooler temperatures. A warming trend is expected Friday through Sunday.

## RECOVERY ACTIVITIES

### Round Fire, Mono County

- Site sampling and hazardous materials recovery of the affected properties began 03/14/15. Cal Recycle began debris removal operations 03/23/15.

#### **Project Totals as Day 13:**

38	Homeowners who registered for the removal project.
3	Homeowners that denied entry.
38	Initial site assessment/site documentation complete.
38	Asbestos survey completed and results received.
15	Debris removal completed.
9/9	Confirmation sampling completed/approved.
0	Erosion Control Completed.
0	Approved by County for Building Permit.

#### **Estimated Project Total Tonnage for the Project as of Day 13:**

Category	Total Tons
Debris and Ash Disposed	1,972
Soil Disposed	1,789
Metals Recycled	799
Concrete Recycled	1,609
Total All Categories	6,169

#### **Estimated Daily Tonnage:**

Category	Day 13
Debris/Ash	305
Soil Disposed	170
Metal Recycled	78
Concrete Recycled	165
Total	718

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

### **Local Emergency Proclamations:**

**A total of 54 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:**

- 24 Counties: El Dorado, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 9 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), and City of Willits (Mendocino County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).

## **Upcoming Event:**

### **2015-16 Capstone California Exercise May 11-14, 2015**

In accordance with Cal OES direction, CC15/16 is being designed as a two year long exercise cycle. At the middle of the series will be the CC15/16 Capstone Functional Exercise (FE). Prior to the FE, activities focused on planning the FE and conducting a series of seminars, workshops, tabletop exercises (TTXs), and drills associated with the aforementioned program objectives. The year following the FE will include a set of after-action events that address topics not covered in the response-oriented FE, and continuing follow-on workshops and TTXs that progress efforts initiated prior to the FE.

**Questions regarding this event:** Elaine Viray [elaine.viray@caloes.ca.gov](mailto:elaine.viray@caloes.ca.gov)
